

K-Love is very important to our family and our community. It enables our youth to hear quality music and information without us having to worry about bad language, ideas, etc... Our 9 year old daughter loves the music and is learning more about Christ through the help of this station. If it is replaced, we would miss having the opportunity to share good Christian beliefs with those who are not familiar with the goodness in people and the works of our Lord Jesus Christ. We would be doing a disservice to the community by replacing this station. Thank you for your time.
